

Hello parents, teachers and students! This will be my 12th year teaching at Dara and I am happy to be here for another. I am currently the Matayom coordinator and teach M6 NP, although I have taught in many other Matayom levels as well.

I guess that you could say teaching is 'in my blood'. My mother was a teacher, my father was a teacher and my great grandmother was also a teacher. Although I never intended to be an educator, I now can't imagine any job that I would love more. There is nothing more rewarding than the smile of self-delight that a student gives you when they finally grasp a concept that they have been struggling with. There is nothing more satisfying than the collective "Ahhh" of a class that suddenly realizes that a book hero can be bad as well as good. There is, in short, no better job than mine.
